

Automated Vehicle Inspection Equipment

Vehicle Inspections are essential throughout a vehicle's lifespan, they are also time-consuming, subjective, and still far too infrequently digitised. Innovative [Automated Vehicle Inspection Equipment](#) from Vinitec Automotive is available to assess a vehicle's condition within a specific time period. They are a crucial step in determining the costs of repairs or restoration or in protecting yourself from harm.

Vinitec Automotive was established in the year 2008 and it has been a long journey for them in Automotive Garage Equipments and supplying it to various OEMs in India. Vinitec Automotive in a joint venture with Ryme Worldwide is one of the top supplier of Automated Vehicle Inspection Equipment in India.
